Funding to Students Calculation

The CARES Act provides institutions with significant discretion on how to award eligible students these funds. The process to determine how to allocate these funds was thought to be fair and equal. Therefore, Victory Career College decision is to distribute the funds to all equally to each individual student. The following formula was used to calculation the award amounts:

1. Take the total number of eligible students.
2. Divided by the total funds available to distribute to students (account for funds set aside for Reserve).
3. The result \$1,000.01 per/student (unclaimed funds will be included as part of the reserve).

Reserve Funds

Student will have until May 1, 2020 to submit *CARES Act Notice to Student Form*. Once all funds are distributed, the institution will distribute reserve funds of the Higher Education Emergency Relief Funds and CARES Act to those students that have a greater need due to unforeseen circumstances due to COVID-19 and that need addition help.

	Allocation - HEERF to Students	Distributed - HEERF to Students	RESERVE FUNDS TOTAL
